chanderparkash179@gmail.com Karachi, Pakistan

SUMMARY

As an accomplished Java Developer, I specialize in full-stack development, boasting proficiency in Java, Spring Boot, Angular, and Microservices. My leadership skills shine through successful migration projects, scalability optimizations, and efficiency enhancements. I continually strive for excellence, eager to contribute to pioneering technological advancements. Let's collaborate to shape the future of technology together.

EDUCATION

B.S Computer Science Sep 2018 - May 2022
[Iqra University](#) Karachi, Pakistan

EXPERIENCE

Senior Java Developer Mar 2023 - Present
[EzBz Solutions](#) Karachi, Pakistan

- Implemented CI/CD pipelines with Spring Boot to automate integration & deployment, ensuring continuous delivery.
- Fostered innovation by exploring Kafka for event-driven architecture and Docker for containerization.
- Utilized continuous integration to optimize AWS cloud release processes.
- Championed a culture of innovation, decomposing complex problems with SQL & NoSQL databases, and adopting JDK 17.
- Encouraged creative problem-solving, leading to the implementation of novel technical solutions for enhanced system efficiency and scalability.

Software Design Engineer Aug 2022 - Jan 2023
[TeReSol Pvt Ltd.](#) Karachi, Pakistan

- Implemented Redis caching to optimize data retrieval and storage, performance of the "Teller" and "OBS - Online Banking System" modules.
- Integrated coding best practices in Java 11 to ensure efficient & maintainable server-side functionality across microservices.
- Leveraged RedHat Quarkus & NestJS framework for streamlined development & showcasing expertise in modern server-side technologies.
- Contributed to the development of the Cancel Funds Transfer Microservice, applying object-oriented design principles for efficient transaction cancellation.

Jr. Software Engineer Apr 2022 - Aug 2022
[Vaulsys](#) Karachi, Pakistan

- Developed and maintained Java-based microservices within a Spring Boot environment, ensuring robust and scalable server-side functionality.
- Utilized Linux operating systems to deploy and manage microservices infrastructure, optimizing system performance and reliability.
- Employed Oracle Database for data storage and retrieval, implementing efficient data models and query optimization techniques.
- Collaborated with cross-functional teams to integrate coding best practices and design patterns, ensuring codebase consistency and maintainability.

SKILLS

- [Languages] : Java | TypeScript
- [Techs] : Spring Core | Spring MVC | Spring Boot | Angular
- [Techs] : Spring Security | JWT | Maven | Tomcat | Git, GitLab & GitHub
- [Database Tools] : MySQL | SQL | NoSQL | Hibernate | IBM DB2
- [Used] : Amazon Web Service (AWS) | PostgreSQL | MongoDB | GraphQL
- [Used] : Docker | Quarkus
- [Concepts] : J2EE | SOLID Principles | Design Patterns | REST API's | SDLC | Debugging | API Integration | OOP's (Object Oriented Programing)
- [Architectures] : Monolithic | Microservices | Agile Methodology | SOA (Service Oriented Architecture) | EDA (Event Driven Architecture) | MVC (Model View Controller)
- [Stacks] : Full Stack | Java Stack

PROJECTS

Admin Panel [Panasonic Europe]

Mar 2023 - Present

Karachi, Pakistan

- Leveraged Spring MVC and MySQL to optimize backend operations, boosting data management efficiency.
- Implemented SQLyog for streamlined database management, reducing errors in data entry.
- Integrated Angular for enhanced user profile maintenance, empowering administrators with comprehensive views.
- Utilized Docker for seamless deployment and scalability on Linux platforms.
- Collaborated effectively to ensure smooth implementation of enhancements, fostering optimal teamwork and efficiency.

Profile Center & Lumix Pro [Panasonic Europe]

Mar 2023 - Present

Karachi, Pakistan

- Proficient in Java programming language, leveraging latest JDK features to develop robust and scalable applications.
- Experienced in building microservices architecture using technologies such as Docker, Quarkus, and Spring Boot, ensuring high performance and scalability.
- Skilled in database management with IBM DB2, adept at designing efficient schemas and optimizing queries for enhanced performance.
- Demonstrated ability to collaborate within agile teams, contributing to the full software development lifecycle from design to deployment.
- Proven track record of problem-solving and troubleshooting, adept at identifying and resolving technical challenges to deliver reliable solutions on schedule.

Teller & Online Banking System [Bank-al-Habib Pakistan]

Apr 2022 - Jan 2023

Karachi, Pakistan

- Proficient in Java programming language, leveraging JDK for efficient and robust application development.
- Experienced in building scalable and resilient microservices architectures using Spring Boot and Quarkus frameworks.
- Skilled in containerization with Docker, ensuring seamless deployment and management of Java applications.
- Profound understanding of relational databases, particularly IBM DB2, for data management and persistence in Java applications.
- Collaborative team player with expertise in version control systems like GitLab and Git, ensuring smooth collaboration and code management in development projects.

Mera Thar [Personal Project]

Open Source

- Built a Tourism app that integrates industry trends in coding and software development for Tharparkar tourism solutions.
- Impacting tourists, our app simplifies exploration, tapping into industry trends in coding and software development.
- Boosted Tharparkar's economy via tourist influx, employing industry trends in coding and software development for app enhancement.
- Proficient in RESTful API development, following industry trends in coding and software development for seamless integration.
- Our software development expertise ensures adherence to industry trends, fostering interoperability for system cohesion.

TRAINING / COURSES

Full Stack Java Development
[Simplilearn](#)

Java Certification Course
[Simplilearn](#)

Getting Started with Spring Boot
[Amigoscode](#)

Getting Started with Angular
[10Pearls University](#)

Basic Development with Flutter
[10Pearls University](#)

HTML & CSS [2023 Ready]
[Codedamn](#)

SOFT SKILLS

- ★ Creative
- ★ Leadership
- ★ Time & Performance Oriented
- ★ Fintech & Enterprise Experienced
- ★ Bug Fixing

ACHIEVEMENTS

- ★ Promotion
Recognized for exceptional performance & contributions, leading to an accelerated promotion to a Senior position.
- ★ Appreciation
Received special commendation and gifts from the Board of Members for dedication and outstanding work ethic
